

GLASS EXPANSION

Quality By Design

European Operations Manager

Glass Expansion is a world leader in the design, manufacture and support of sample introduction system for ICP-OES and ICP-MS. It is establishing a new European office and distribution centre in Weilburg, Germany to provide technical and logistical support to our existing OEM, distributor and end-users around Europe. This newly created position is available for someone to set-up the new facilities, engage the team and then manage the new organization. The successful applicant will be responsible for:

- The growth of Glass Expansion business across Europe
- Provide technical and marketing support to our existing OEM, distributors and end users in Germany and around Europe
- Setting up and running the new European office and distribution centre based in Weilburg, Germany

To be successful in this position you will have:

- Strong sales and marketing experience in the scientific instrument industry
- Technical experience in ICP-OES and ICP-MS instruments
- A commitment to outstanding customer service
- Experience managing small teams
- An independent nature who is driven to succeed
- Good English language skills
- Strong written and communication skills

Glass Expansion provides a competitive remuneration package and a supportive team environment. To get involved with this dynamic, fast-growing, successful organisation, send your resume by email to the Human Resources Manager Andrew Fithall
